Sassafras Campsite

The Manny Gordon Recreation Area contains three campsites located behind the picnic facilities. These sites are easily accessed a short distance from the paved Bear Lake Road and make an ideal base camp for exploring the many highlights of the Thornhurst Tract.

Moon Lake 6

The sassafras campsite is well suited for larger groups. While it provides little shade, it does allow for an expansive view of the night sky. Campers will enjoy this remote campsite, which like Carvolth, is behind a gated administrative road.

Manny Gordon 2

The twelve campsites in the Moon Lake Recreation Area are great for family camping as there are easily accessible areas for walking, nature observation, as well as fishing and boating on Moon Lake itself.
