The Department reserves the right to reject any or all bids and to waive any informalities, defects, or irregularities in the bids.

The buyer must furnish a satisfactory performance deposit by the date specified in the cover letter, which will accompany the contract when it is mailed to the buyer for execution. The contract may be examined in the forest district office.

If the highest qualified bidder fails to execute the contract or provide a satisfactory performance deposit, the bidder will be considered in default and will forfeit his bid deposit to the Department as liquidated damages and the timber will be offered to the other qualified bidders in the order of descending bids, or negotiated or re-advertised as appropriate. The consequence of such a default may also subject the bidder to further sanctions under the statewide Contractor Responsibility Program in accordance with Management Directive 215.9 Amended, as issued by the Governor's Office. Such Contractor Responsibility action may result in finding the Bidder non-responsible in subsequent timber sales and preclude an award to the Bidder in those sales.
