Prince Gallitzin State Park

At Prince Gallitzin State Park, the forested hills of the Allegheny Plateau cradle sprawling Glendale Lake. Vistas offer scenic views of the 1,635-acre lake with its 26 miles of shoreline, which is a favorite of anglers and boaters. Campers flock to the large campground and also enjoy hiking and other outdoor activities. The varied habitats of the park make it a home for many types of wildlife, and a rest stop in the spring and fall bird migrations.
