18. Grant description and results: (Give purpose of grant and describe key program activities and expected results in terms of a major program measure).

Reviews Forest Management plans for landowners, and provides technical assistance and advice to owners of woodlands, and to small primary processors of woodland products. Technical advice is also provided to both urban and sub-urban areas in order to improve the quality of living. This program allows the state to protect environmentally important private forest lands by acquiring the lands using U.S. Forest Service grant funds.
