

Baldwin Point Ski Trail

The blue-blazed Baldwin Point Ski Trail is located about 19.5 miles north of Waterville along PA-44. The trail is a relatively easy 2.8-mile trail (one-way) that ends at a vista overlooking Young Woman's Creek. Parking is available at the trailhead along PA-44, just north of the Benson Road on the left side of PA-44. The trail is a designated ski trail, but it is open to all non-motorized trail users.

The forest along the trail consists of second growth mixed oak, pitch pine, scrub oak, red maple and other hardwoods, as well as dense mountain laurel (Pennsylvania's state flower). White-tailed deer, black bear, wild turkeys, ruffed grouse and bobcats inhabit this forest and seek cover in the laurel.

The Tiadaghton State Forest's cross-country ski trails were the first to be built anywhere on State Forest Land in Pennsylvania and were largely the efforts of past DCNR employees Bob Webber and John Eastlake, who can also be credited with laying out the scenic Black Forest Trail. Webber and Eastlake were "way ahead of their time" regarding the promotion of cross-country skiing in the Commonwealth.

The first trail was built in the early 70's, and was named the George B. Will Ski Trail in honor of one of our early forest rangers. George was skiing in the Black Forest as early as 1914, and his wife Ruth "manned" the area's fire tower for over 30 years. She has a trail named in her honor as well.

Ski trails are marked with blue paint. The parking area/trailhead shown on the map is plowed for winter recreation enthusiasts. Ski trail conditions are available by calling the district office or by checking out Tiadaghton State Forest on Facebook.

The district offers many miles of trails cross country ski trails, not including the 60-plus miles of the Pine Creek Rail Trail, which is also open to skiers.

Ski Trail Etiquette

- Do not walk or ride bicycles on ski trails when snow-covered.
- Stay on marked trails. Ski trails are marked with blue paint.
- Never ski alone. If you do, be sure to let someone know where you are going and the time you expect to return.
- Know your ability and endurance, and ski accordingly.
- Yield to faster skiers and snow-grooming equipment.
- Descending skiers have the right-of-way.
- Do not ski on snowmobile trails. Snowmobile trails are marked with orange diamonds.
- Be tolerant and respectful of other winter forest visitors.
- Do not damage or deface any sign or structure.
- Small fires for cooking or warming purposes are permitted only at places where adequate precautions are taken to prevent the spread of fire into the forest.
- Do not litter. If you pack it in, please pack it out.

Have fun - ski safely

Care for the Land

State forests belong to all Pennsylvanians. Take time to enjoy them, but know the rules and regulations designed to protect the forests and you. Please be careful with fire, keep our forests litter free and don't damage trees and other plants.

Dual Certified Forest

Pennsylvania's 2.2-million-acre state forest system is one of the largest dual certified forests in North America. The forest is certified under Forest Stewardship Council™ and Sustainable Forestry Initiative® standards.

The FSC® is an independent organization supporting environmentally appropriate, socially beneficial, and economically viable management of the world's forests.

SFI® certification focuses on protection of water quality, biodiversity, wildlife habitat, species at risk, and forests with exceptional conservation value. Dual certification ensures that Pennsylvania's state forests are managed to the highest third-party standards.
